ABOUT THE BOOK

Dive into four new stories about Narwhal and Jelly becoming substitute teachers! The two best friends come across an enthusiastic school of fish one morning. Unfortunately, Mr. Blowfish, their teacher, has come down with a cold, and class will have to be cancelled . . . until Professor Knowell (Narwhal) and Super Teacher (Jelly) volunteer to help out! The first subject is Wafflematics, in which Narwhal and Jelly calculate the number of waffles needed to feed the class. That's what we're chalking about! Next up is a super-fun science scavenger hunt, followed by a game of "Tag! You're Awesome!" at recess. Narwhal's teaching methods may be unconventional, but with Jelly's help, the two teach (and learn) with their trademark positivity and humor. Before they know it, the day is over . . . but what grade will Narwhal receive from Jelly?

KEEP THE CONVERSATION GOING:

Here are some ideas, activities and questions to consider after you've read the book:

- Round up your friends to play a game of "Tag! You're Awesome!" at recess.
- Narwhal combines waffles and mathematics as something to teach. What is your favorite food to eat? What is your favorite school subject? Can you combine both elements into a new subject to teach your friends and family?
- Narwhal and Jelly's fantastic fish friends like to speak in synonyms. Pick a few of your favorite words and try to come up with at least three synonyms for them. Challenge yourself and find five or ten more! (A synonym is a word or phrase that means exactly or nearly the same as another word or phrase.)

ACTIVITY:

A school crest is a traditional way of visually representing a school's most important values and traditions. Sometimes the crest includes a motto or the year when the school was founded. Did you notice the school crest on the title page of *Narwhal's School of Awesomeness*? Think of your own School of Awesomeness and create your own crest by including symbols of things you would want your dream school to have.
