# Come play with Ploof!

Meet a friendly cloud full of feelings in these interactive picture books for fans of Hervé Tullet's *Press Here*, from the creator of *Narwhal and Jelly* and the co-creator of *Science Explorers*.

**Ploof is a puffy cloud who's a little lonely — but now you're here, and the fun can begin!**

Can you help Ploof overcome their shyness? Play pretend? Make Ploof laugh with your funny faces, find their hiding spot and give them a high five! Full of imaginative and interactive fun, each page of this book, perfect for preschoolers, offers a chance to play. By following cues to say hello, clap, blow, shake, wave or make a funny face, young readers will be delighted to see the effects of their actions on Ploof. They'll learn social-emotional skills like empathy, encouragement and kindness through Ploof's emotional journey — and, along the way, they'll learn how to be a fantastic friend!

**Ploof is a little cloud who's eager to make their first rainbow! But how? With your help, of course!**

Can you help Ploof find the right shape? Mix colors? Fly high to paint? Cheer Ploof on through the ups and downs of trying something new, follow along with some calming breathing exercises and find a new perspective!

Just as full of imaginative, interactive fun as the first book in the series, each page offers readers, from preschooler age and beyond, a chance to play and learn in tandem, exploring social-emotional skills along the way. Young readers will be delighted to see the effects of their actions as they join a colorful rainbow quest and paint with Ploof!
