

# GNOME KNITTING PATTERN

Skill level: **INTERMEDIATE**

## What you'll need:

- Body color (BC):** Any light worsted weight or DK wool. We recommend Estelle Eco Shetland Worsted. For a fuzzy gnome, add a strand of mohair
- Face color (FC):** Same weight as body color
- Accent yarn (for eyes and mouth):** Lace- or sock-weight yarn, or even embroidery thread
- 4 double pointed needles** (we use 3mm/US 2.5 size)
- Tapestry needle**
- Stuffing**
- Black pipe cleaners**
- Beads for eyes (optional)**

## Tips:

For the yarn and needles, you can really use any size or combination as long as your gauge is tight enough to hide the stuffing, but we do find a lighter yarn and small needles work best. You'll need less than a ball or skein of each yarn. (We've made many gnomes from one skein of yarns mentioned above.)

## Instructions:

**CO 6 stitches, join for working in the round**
